

# AGI 3D Network Event

*Taking Geospatial to another Dimension*

Wednesday 12 November 2025

08:30 – 09:30 Registration and Networking

## Welcome and Scene Setting

09:30 - 09:35	Welcome and Introduction to the AGI	<b>Fergus Craig</b> Co-Chair, Association for Geographic Information (AGI)
09:35 - 09:40	General overview of the day, introduction to the network and its aims and objectives, PropTech etc	<b>Mick Dunn</b> Nottingham City Council and AGI 3D Network Chair
09:40 - 09:50	3D Geospatial Data Models – The Need for Clarity	<b>Ralph Coleman</b> Bluesky International
09:50 - 10:00	Application and Opportunities for 3D	<b>Steve Croney</b> Esri UK
10:00 - 10:10	Establishing the Return on Investment for 3D Geospatial	<b>Andy Coote</b> ConsultingWhere
10:10 - 10:30	Support a case for National 3D Data Strategy	<b>Dr. Anja Hopfstock and Andreas von Dömming</b> Federal Agency for Cartography and Geodesy (BKG)
10:30 - 11:00	<i>Group Exercise - Strategic 3D Roadmap</i>	<b>Paul Cureton</b> University of Lancaster

11:00 - 11:30 Refreshments and Networking

## Planning in Focus: The Role of 3D in Digital Planning

11:30 - 11:40	Digital Planning Agenda and the value of 3D	<b>Alphie Murphy-O'Reilly</b> Ministry Housing, Communities & Local Government (MHCLG)
11:40 - 11:50	Development and Management	<b>Laura Pullen</b> Nottingham City Council
11:50 - 12:00	Design and Sustainability	<b>Leonie Walker</b> Greater Cambridge Shared Planning Service
12:00 - 12:10	Engagement	<b>Adrian Walker</b> Bradford City Council

12:15 - 13:15 Lunch and Networking

## 3D Demonstration Sessions @ City as Lab

Session 1	Session 2	Session 3
3D Physical Model lab. How 3D physical models and geospatial projections (PARM) can enhance engagement, collaboration and decision making  <b>Nottingham University &amp; City Council and Bradford University &amp; City Council</b>	Virtual Reality Lab. one-of-a-kind immersive experiences with bespoke staging to transport you to another world or another time  <b>Digital Urban</b>	Local Reality Capture Lab. Rapid 3D reality capture using cost-effective drones and camera systems to create 3D city models  <b>Bradford University &amp; City Council and Liverpool University</b>

15:00 - 15:30 Refreshments and Networking

## 3D in Action Across Sectors

15:30 - 15:40	Public Safety & Policing	<b>Rob Goldsmith</b> Devon & Cornwall Police
15:40 - 15:50	Local Government	<b>Sam Tizzard</b> Harrow Borough Council
15:50 - 16:00	Housing	<b>Jack Curran</b> Homes England
16:00 - 16:10	Utilities	TBC
16:10 - 16:20	Estates Management	TBC
16:20 - 16:50	<i>Group Exercise - Journey Mapping</i>	<b>Paul Cureton</b> University of Lancaster
16:50 - 17:00	Reflections and Next Steps	TBC
17:00	Event Close
